HATCHET GRIDMEN LOSE TO SOLDIERS

Penn Military Eleven Administers Second Defeat Of Season To Crum's Warriors

SCORE TWO TOUCHDOWNS

Three Games Remain On Buff And Blue Schedule; Meet C. U. Thanksgiving

George Washington University gridiron warriors lost a hard-fought battle to the Pennsylvania Military College fighters Saturday afternoon at Chester, Pa., by a 13-0 score. The score does not give the true comparison of the strength of the two teams, because, as the saying goes, the breaks decide the game and the winner makes the breaks.

Neither team scored in the first quarter, and in this period the Hatchetmen had the advantage in all departments, outrushing, outplaying, and outkicking the lads from Chester. Back and forth across the field the teams surged, neither being able to give the punch when the punch meant a touchdown.

In the second quarter, after the Cadets had gained the ball on the local boys' 25-yard line, they displayed remarkable teamwork, and with every man working as a cog in a smoothly running machine literally pushed a touchdown over after successive line plunges by Allen and Probstovich. Allen, not satisfied with the touchdown, kicked the extra point after goal. In this quarter it was all Penn Military College, for they had the local boys up in the air. The half ended with the score 7 to 0 for the Pennsylvania lads, and with the edge for real playing with the Washington warriors.

The third period started with George Washington staging a punting duel and gaining ground on every kick, for Loehler was far and away ahead of his opponent on every kick but one, a 65-yard boot by Buono. Just at the critical moment when the Hatchettes seemed to have found their offense, which has come to be respected by all, Newby was the victim of an unfortunate fumble which was recovered by Wagner, crack right half of the Cadet team. He started a brilliant run for the touchdown and after turning and twisting, jumping and dodging for 45 yards crossed the line for the only other score of the game. It was a beautiful run, and the only thing to mar it for Wagner was the fact that he had not made the run through the entire Hatchet eleven. "Poison" Allen, as he is called, failed for the extra point when his kick went high and wide.

The last period was another punting duel, with George Washington having a considerable edge, but never being able to take advantage of the distance gained. The line held well in this period, but could not open up the holes for the backs, nor could the backs seem to get going when the holes were open.

The game was a very rough one and several men were taken out from injuries, the crowd of 3,000 giving the hurt men a big hand every time. George Washington outweighed the

(Continued on page 3)

LOCAL BRANCH A. S. M. E. AT ANNAPOLIS MEETING

Twelve members of the local Student Branch of the American Society of Mechanical Engineers attended the sessions of a joint meeting of the Baltimore, Philadelphia, Annapolis and Washington chapters at Annapolis Saturday, November 1.

After inspecting the various types of machinery in use at the Experimental station the meeting was addressed by Captain Barnes, in charge of the station. Following his address two papers were read, having for their subject Rock Fuel Oil Separator and Forced Feed and Motor Cylinder Oil. The Rocket type of oil purifier developed at the Experimental station to overcome the discharge of great quantities of oil into the ocean was also inspected and discussed.

After the morning session the members took time to attend the Penn-Navy football game. The evening session of the meeting was then preceded by a banquet.

Seniors Must Register

Will all Seniors who are candidates for graduation at either the February or June convocations make the fact known to the Registrar at the earliest possible moment?
It is urgent that all applications for graduation be filed at once.

MAKE ELABORATE PLANS FOR ANNUAL COUNTY FAIR

Big Feature Of Evening Will Be Dance In New Gym— Girls Sell Eats

The annual County Fair given under the auspices of the University Y. W. C. A. organization will be held Saturday, November 15, in the new gymnasium from 8 o'clock P. M. until midnight. This will be the first event to be held in the new gymnasium, which will be formally dedicated Saturday evening.

With many new attractions the bazaar this year will be even more elaborate than in former years. The sororities will all have booths suggestive of the old county fair, where refreshments will be sold throughout the afternoon and evening. Gamma Beta Pi will sell ice cream, Sigma Kappa will have a candy booth, Alpha Delta Pi will be prepared to sell cakes of all kinds, Pi Beta Phi will be in charge of a sandwich stall, Delta Zeta will be custodian of the "hot dog" kennels, popcorn and peanuts will be distributed by Chi Omega, Zeta Tau Alpha will try their luck at selling doughnuts and cider, Phi Sigma will be in charge of the salad counter, and Phi Mu will hold the grab-bag.

The big feature of the evening will be dancing, with music to be furnished by the Sigma Chi Orchestra. Also a rifle range will be provided, with Sophia Waldman, Frances N. Strawbridge, Elizabeth Owens and Adelaide Cotter in charge. Prizes will be awarded for the best records made with the rifle.

A lively entertainment has also been planned for the evening. As a part of the program the G. W. Players will give a short play.

ARCHITECTS FORM CLUB TO PROMOTE FELLOWSHIP

One among the newly formed clubs is the Architectural Club, organized for the purpose of promoting the spirit of good fellowship and co-operation among the members of the architectural department of George Washington and to obtain for the department a voice in the affairs of the University of which it is a part.

At the first meeting of the organization, which took place on the night of November 6, officers were elected for the coming year. C. W. Wentworth was the choice for president; Leon W. Jester was elected vice-president; Margaret Kane, secretary, and A. Winn, treasurer.

Outstanding on the program for the year is the publication of a year book to contain the prize works of the student architects and the results of various competitions to be held. An art ball is also planned for the early spring.

All students interested in the new organization are urged to be present at the next meeting to be held on Thursday evening, November 20.

BIG SALE OF TICKETS FOR FIRST HOP IN GYM

Evidently a good crowd is going to be present at the dance which will be given next Tuesday evening in the new gymnasium by Pi Delta Epsilon, men's honorary journalistic fraternity, and Gamma Eta Zeta, women's honorary journalistic fraternity, according to the advance sale of dance tickets reported by Henry H. James, chairman of the dance committee.

The journalists' dance will be the first big social event to be staged in the new gymnasium. The spacious floor will accommodate several hundred couples, and with Hal Stutz's Southern Syncopators furnishing the music, there can not possibly be an excuse for not having a good time.

Tickets for the journalists' hop have been placed on sale and may be procured from members of either of the two organizations or from members of the Hatchet staff.

Z. T. A. GRANTS CHARTER TO GAMMA DELTA RHO

Local Sorority Active In School Installed As Chapter Of National Body

Beta Alpha Chapter of Zeta Tau Alpha, women's fraternity, formerly Gamma Delta Rho, a local sorority of four years' standing in the University, was installed last Saturday by the Grand President of the fraternity, Mrs. Alpha Burkhardt Wettach, assisted by Mrs. Shirley Kresan Krieg, also of the Grand Chapter. The ceremony took place at the Theta Upsilon Omega House at 1717 S street.

Following the initiation of the members of the local, which lasted practically all day, an installation banquet was held at the Columbia Country Club. Visitors from the chapters at the University of Pennsylvania and Randolph-Macon College, and the entire group of local Zetas which compose the Zeta Tau Alpha Alumnae Chapter of Washington attended the initiation of the new chapter, and the social events which accompanied it.

Gamma Delta Rho has, during its short existence, been very active in University interests. In the Law School, as well as in the Arts and Sciences Department, the fraternity's representatives have been well known. The Dean of Kappa Beta Pi Law fraternity, and the secretary of the Senior Law Class belong to this organization. Last year's president of the Law Senate, and Dean of Kappa Beta Pi was also a Gamma Delta Rho, as are the president of G. W. Players and the winner of the Sphinx Endowment Cup last year, both of whom are Columbian College students. This year the sorority holds the Pan-Hellenic Scholarship Cup.

Among the guests at the installation and banquet were Nora Thompson and Marion Holmes from Pennsylvania, and Gal Searcy, Dorothy Van Nesse, and Sally McCall Hamer, of Randolph-Macon. Lydia Smith, also of Randolph-Macon last year, and now attending George Washington, was a guest of the new chapter at their installation banquet.

On Sunday afternoon the first entertainment in honor of Beta Alpha Chapter was given by the Alumnae Chapter. Tea was served by Mrs. Harriet Chambers of Cathedral Mansions, assisted by the other alumnae Zetas.

The Pan-Hellenic tea welcoming the new national on the campus, was held Monday afternoon in the new gymnasium. Mrs. Wettach, Mrs. Krieg, Dean Anna L. Rose, and Marguerite Daly received. The room was decorated in turquoise blue and gray, Zeta Tau Alpha's colors. The installation festivities were concluded with a formal dance at the Theta Upsilon Omega house Monday night.

Zeta Tau Alpha was founded at the Virginia State Normal School, October 25, 1898. They are established in forty-nine colleges and universities throughout the country, Beta Alpha being the last chapter added to their roster.

EL CIRCULO ELECTS OFFICERS FOR YEAR

El Circulo Espanol held its first meeting Wednesday evening, November 5, in Corcoran Hall. Prof. H. G. Doyle presiding. The following officers for the coming semester were elected as follows: Melita Chavez, president; Betty Bigos, vice president; A. T. Caudell, secretary.

An interesting program was presented in connection with the business meeting. Senor Passalaequas spoke on his impression of the United States; Prof. Lozo gave an illustrated talk on Central America, and Prof. Vasquez discussed the aims and ideals of the Spanish Club.

The next meeting of El Circulo Espanol will be held Wednesday, November 19, and all students interested in Spanish are cordially invited to attend. A short and interesting program will be presented at each meeting.

TO START GYM CLASSES

Girls' gymnasium classes are being planned tentatively for Tuesday and Thursday evenings and some morning periods. All girls interested will please see Miss Jackson in the Women's Club room, 2027 G street, Mondays, Wednesdays and Fridays, in the morning from 10:00 to 12:00, and Tuesdays, Thursdays and Saturdays, in the evening from 6:00 to 7:15.

Basketball Meeting

A meeting will be held in Corcoran Hall Friday evening, November 14, at 8 o'clock for all men in the University interested in basketball. John R. Daly, who has again been appointed coach of men's basketball for the coming season, is anxious to have as many men present at the meeting as possible.

FEDERAL COURT POWERS UPHELD BY DEBATERS

Both Teams Composed Of Former Intercollegiate Stars Of Distinction

Columbian debaters staged one of the most successful debates in the history of their society Friday night, November 7, at the Law School, with a capacity crowd in attendance. The negative was victorious by a two to one vote of the judges upon the question: "Resolved, that the courts be deprived of the final power of declaring federal statutes unconstitutional."

Washington Irving Cleveland, a member of the team which debated Oxford last year, was awarded first honors. The affirmative side was composed of Edwin S. Bettelheim, Jr., Washington Irving Cleveland, and Miss Vivian Simpson, while J. O. Cade, A. H. Moran, and Ruth Newburn constituted the negative. Dean Hugh Miller, Prof. Earl C. Arnold, and Audley L. Smith served as judges.

Among the arguments advanced by the affirmative were that the framers of our Constitution did not intend the Supreme Court to possess the vast power it now wields, there is nothing in the Constitution to warrant such power, there is no precedent for it in history, and it does away with the system of checks and balances originally planned. The Dred Scott case, the Income Tax, and the Child Labor decisions were cited as flagrant misuse of judicial power.

The affirmative held that the present judicial system is a safeguard to personal liberty, that it has functioned 137 years with success, that there is authority for it in the Constitution, and that the court has generally exercised its power fairly.

Prior to the debate, Dr. Charles E. Hill addressed the society upon the subject of debating. Dr. Hill cited William Jennings Bryan, Robert La Follette, Charles E. Jefferson, Carl Patton, and Leslie Shaw, as leading orators of today.

A debate has been arranged for next Friday night upon the subject: "Resolved, that Congress should establish a Department of Education, with a secretary in the cabinet." Roy T. Darby, David Mazon, and Pearl Wetmore will support the affirmative, while Robert Pulliam, W. E. Overstreet, and Joseph Caples will defend the negative. All students interested in forensics are invited.

Howard M. Baggett and L. M. Hull were elected to membership by the Society at the meeting Friday.

HONORARY CHEMISTS INITIATE PROF. LEPPER

Eta Chi Sigma, the honorary chemical fraternity of George Washington University, held their regular initiation on Saturday evening, October 25, at which five new members were conducted through the sulfurous fumes and the vile, dark regions in which are produced all the ill-smelling compounds attributed to the organic chemist.

Those initiated are Henry A. Lepper, professor of Synthetic Organic Chemistry; Frederick Sillers, Jr.; Harry Bisset, Howard A. Jones and William P. Epperson.

BIG DANCE PLANNED BY PHILIPPINE SOCIETY

At a meeting of the Philippinians, a club formed by Philippine students of George Washington, last Friday evening plans were discussed for a dance which will be given December 16th in the New Willard Hotel by the Philippine students in the various universities in the District. Several guests of honor will be present.

The Philippine Club of the District of Columbia, an organization of Philippine student societies in the District, is also planning a dance for the Thanksgiving holiday season, the proceeds from which will be used to conduct their Great Rizal Day program on December 30th.

HONESTY AND VISION ESSENTIAL QUALITIES

President Sees Four Qualities Necessary To Win Success In Any Field

POISE A REQUISITE

Unobtrusive Man More to be Feared As a Competitor Than the Blusterer

In speaking before the assembly on Monday President Lewis defined four qualities which make for success: namely, vision, honesty, poise and persistence.

"Vision is a wonderful thing," said President Lewis. "A man said centuries ago, 'As a man thinketh in his heart, so is he'; and all history proves he was right. Water never rises higher than its source. You are going to be about what your vision is. Lincoln, the young unknown lawyer, said, 'There is to be an awful struggle in my lifetime, and I am to be a central figure in it.' That was his vision. Young Thaw said he was going some day to lead the fast set in New York. That was another kind of vision. Theodore Roosevelt, young and in delicate health, had a vision of physical strength and political leadership, and he followed the vision until it led to reality.

"Soon or late you will realize that there are no short cuts to the realization of your vision. You can't see around a corner. The man you want to be stands straight ahead of you. Said a writer in a recent essay, 'Dis-honesty doubles the journey to success.'"

"The men of unusual success whom I know are all soft spoken men. They do not 'fly off the handle.' They do not expose by manner and expression to every passer-by what is going on in their minds. They are careful to keep still if they cannot say a good thing about a man. You will learn very soon in business that the man or woman to fear is not the blustering, swearing person who says he will make that man sorry, that he will get even, and so forth. It is the quiet, self-contained, gentlemanly, courteous, unobtrusive man who gets what he wants.

"If you have pure vision, honesty and poise, one thing more is necessary if you are to get on in the world—this thing that we call 'stick-to-it-iveness.' David Forgan says, 'The man who is looking for a soft place in this world can generally find it under his hat.' The man who wins is the man who comes back strong. There is hardly a thing in the world worth working for that can be got without sacrifice; every step higher is harder.

"Remember, you are in life's march and you can't loiter. It's push on to the front or drop back to the ambulance train. Get your vision of what you want, and should be; then with honesty, poise and persistence push on to your goal, and the world will stand aside to give you room."

PROMINENT ECONOMIST LECTURES HERE MONDAY

Walter Thomas Layton, editor of the London Economist, will give an address on "The Dawes Report, Its Evolution and Possibilities," in Corcoran Hall on Monday evening, November 17, at 8:15 o'clock.

Mr. Layton is an outstanding authority on world questions and his address will be one of the features of the academic year.

For the benefit of students of the University who wish to hear this lecture it will be given at 6 o'clock the same day in Professor Kern's Economic class in the assembly room of Corcoran Hall.

TEACHERS TO VISIT G. W.

On November 12 a class of thirty-five foreign graduate students from Teachers' College, Columbia University, will visit George Washington. These students are visiting representative American schools in order that they may take back to their respective countries an accurate conception of American education. Their visit to George Washington will be of particular interest as it will be their first view of conditions outside of New York City.

ANOTHER AID TO SPIRIT

One event on the week's social calendar, seemingly of little importance at the time yet with decided possibilities, was the smoker held last Thursday by the pledges of the Sigma Chi fraternity for the pledges of other men's Greek letter organizations.

The Interfraternity Council stages an annual smoker for members of the Greek letter organizations. Other social events are annually held for the purpose of bringing students of various departments into closer personal contact, but there are few social activities planned for the purpose of creating a closer personal relation among Freshmen of the various departments and organizations in the University.

It is manifestly more beneficial for students to mingle on a friendly basis early in their college career than to remain virtual strangers until the most useful part of their college days have been spent in small circles of friends. Smokers and meetings, such as the one held last week, not only help to replace the ordinary class mixers and inter-class functions popular in other schools, but it unites first and second year college men who have much in common. It adds to their enthusiasm and loyalty, it opens to them a larger field in which to work for the upbuilding of their University.

TRY CHAPEL TOMORROW

Wonder if anybody saw those seven lonesome looking men wander into the assembly last Friday? Wonder who they are, and why they were there? Wonder if anyone noticed them? Yes, we may even wonder who those 15 or 20 girls are, and why they were there.

But this does not explain away the reason why students do not attend the University assemblies which are held every Monday, Wednesday and Friday at 12.20, just after classes are dismissed. It does not explain why those students with nothing to do cannot stop for 20 short minutes for the regular Chapel services.

It is an imposition upon President Lewis and Dean Wilbur to expect them to spend their valuable time in preparing talks for the assembly. It is a still greater imposition to expect them to address those talks to a room full of empty chairs. With all the efforts President Lewis has been exerting the past year to develop a live interest in the student body, and in spite of the decided increase in that interest, we can never hope to have an active student body such as other universities unless we can support him in his

efforts. The Chapel exercises are probably the most interesting and instructive gatherings in the University—and probably the least attended.

It is not only an imposition upon its officials but it is a discredit to the University to be unable to crystallize the student interest in such student gatherings. The talks given at the regular Chapel exercises are both interesting and instructive; the Chapel is an ideal place to practice University songs; it is an ideal place to meet your fellow students and become acquainted; it is the only way to build up a closer association among the various classes.

We wonder how many have ever attended a University Chapel? If you have not, try it! If you don't like it, get your friends and come back next time. If you still find it uninteresting, give it another trial. But we know you will not find it dull and uninteresting. It is those students who mingle with their fellow students and classmates at such gatherings as this who can honestly appreciate the value of University fellowship.

If there is no other reason why you should attend Chapel, there is still one reason sufficient to cause everyone to come—it is our unqualified duty to support our president in his efforts to build up student interest. Why can we not support him in this instance? Try it once!

ALL REGULAR STUDENTS TO RECEIVE HATCHET

Beginning with this issue the University Hatchet will be mailed to every student in the University. This has been made possible by the assessment of a general activities fee which is collected from every student, and in return for which certain specified benefits, including a free subscription to the Hatchet, have been provided.

This enormous increase in circulation over previous years has not only made it necessary to cut several thousand new stencils, but two power addressing machines have been purchased. The Hatchets last week were late in being distributed because the mailing lists had not been completed.

This week the mailing lists are completed and in the future copies will be sent out regular. If there should appear any wrong address on the Hatchet, or a change of address is made, students should notify the Business Manager of the Hatchet in order that necessary corrections may be made.

ALCHEMISTS ELECT

The Ancient Egyptian Order of the Adepts of the Sacred Art, the University's chemical fraternity, has elected the following leaders for the year:

W. H. Heller, Master Alchemist.
Ernest H. Klein, Alchemist of the Laws.

George Graff, Alchemist of the Aurum.

William F. Spielman, Alchemist of the Records.

The alchemists, under the excellent leadership of W. H. Heller, are expecting to take a more active interest in school affairs and activities than they have in the past.

Six pledges are to be initiated within a month and plans are now being discussed and arrangements made for the organization's big fall banquet.

JUNIOR ENGINEERS ELECT

At a meeting of the Junior Class of the College of Engineering held Monday evening, November 3, William J. Kerlin was elected president of the class; Henry H. James was elected vice-president; Clayton B. Sherwood, secretary; Frank M. Albert, treasurer, and Hugh E. Riley, sergeant-at-arms.

Phi Sigma Sorority held a costume dance Hallowe'en Eve at Sigma Chi fraternity house, 1312 N Street, Northwest, which was attended by about thirty carefree and joyous couples, dressed in the national costume of every nation, society or idea imaginable.

The house was attractively decorated with black and orange, and cats and dogs and witches and everything that belongs to Hallowe'en. Refreshments were served and the dancing continued.

Phi Beta Phi Fraternity gave a subscription bridge party last Friday afternoon at Wardman Park Hotel, the proceeds from which will go to the settlement school which the fraternity is helping to maintain. Following the bridge, moving pictures of the settlement school for which the party was given were shown.

Alpha Delta Pi entertained at a formal dance at the Sigma Alpha Epsilon House last Thursday night. With good music and a large attendance everyone enjoyed a very pleasant evening.

Anna L. Rose, Dean of Women, will be hostess at tea tomorrow afternoon from four to six in the rooms of the Women's University Club. These teas held the second and fourth Wednesdays of each month are for all women of the University.

The Phi Mu Sorority entertained at a formal dance at the Kappa Sigma House on 19th street last Friday evening.

Dean Anna L. Rose and Linda J. Kincannon entertained at a "surprise" bridge party last Saturday evening in honor of Bess Kincannon, who is spending the winter as their guest and attending the University.

SIGMA CHI FRESHMEN ENTERTAIN ALL PLEDGES

Dean Wilbur, Addressing Meeting,
Says It Is First Of Kind He
Has Attended Here

Neophytes of the various fraternities of the University gathered at the Sigma Chi House on N Street for a smokefest last Thursday evening. Dean Wilbur addressed the Greek goats on the relation of the man to the fraternity and the University.

The Dean stated that the worth of fraternities should not be measured by their failings but by their positive contributions, of which there are many. In telling of his own fraternity life and associations, the Dean

related some very interesting and entertaining incidents. He stressed the significance of Greek-letter fraternity symbolism in relation to the character of the men included in the membership of these organizations. He said a gentleman and a scholar is the typical fraternity man.

The evening wound up with a classical piano solo and a few jazz selections by "Greek" talent. Following refreshments and more smokes, the elated neophytes wandered home feeling that the evening was well spent.

The George Washington University Chemical Society meets Wednesday, November 12, at 8 P. M., in the Medical School. Dr. Brown, head of the Bureau of Chemistry, will address the society on "The History of Chemistry."

Worth looking into

IT'S the most interesting study in the world.
What is? Why you, yourself.

Put yourself under the microscope. Examine yourself most searchingly to find out just what kind of work you have a natural aptitude for.

Don't leave your career to chance. Don't be satisfied with any nonchalant observation of what may seem to be your best field.

Upperclassmen who have applied this careful self-study will tell you it helped them pick out the "major" which fell in most closely with their natural fitness. The result—greater interest and greater profit through their whole college course.

Graduates will tell you that the man who turns the microscope on himself is happiest in his choice of a life-work.

It comes down to this—some patient analysis now may be the means of putting you on the right track for the rest of your life.

BUFF AND BLUE TO MEET DELAWARE NEXT

Hatchet Gridmen Expecting Tough
Battle Saturday On Delaware
Field

The next cloud to float across the football horizon comes in the menacing form of Delaware University. The Hatchetmen will journey to Newark confident of being victorious, but they expect to have to battle for top honors. Delaware has defeated some good teams, among them St. Joseph's College. The latter team, however, was easy meat for the Hatchetites. Kramer, center for the Newark school, has been playing and exceptional game in the line, often breaking through his opponents to pave the way for the backs to gain. He is also adept at smearing his opponent's backfield men. Hopkins, halfback, has been displaying exceptional line plunging ability.

G. W. U. should be in excellent shape for the contest and should be able to turn back the Delaware aggression. The line-up will be the same as used against Hopkins and Penn Military College.

Coach Crum is pointing his men for the battle royal against C. U. to be played Turkey Day. They should be at the top of their form for the remainder of the season.

Including Saturday's defeat at the hands of Penn Military College, the Crumites have scored 111 points as against a total of 22 piled up by their opponents.

PRACTICE INCREASED FOR MEN SWIMMERS

Distance swimming for form and condition is the work now being given the men's swimming team by Coach F. J. Brunner, on Monday and Friday nights at the Racquet Club pool.

Beginning this week practice will be held Monday, Wednesday and Friday evenings at 8:30.

Lack of men who have had competitive swimming experience is still the main handicap that G. W. has to face this season. Stover, from the Iowa squad, is the latest man with collegiate experience to report. Newby, formerly with the Princeton squad, expected to put in his bid for a place when the football season ends. With the few men who have had college

experience, and Lyman, Stansfield and other scholastic stars, Coach Brunner expects to build a team that will make a creditable showing.

The squad has been cut a number of times to keep it within the limit for fifteen men set by the faculty authorities. At present inexperienced swimmers are being dropped as soon as they report, but there is a place for men who have had previous competitive swimming experience.

HATCHET GRIDMEN LOSE TO SOLDIERS

(Continued from page 1)

opposing team several pounds to the man, but this advantage was lost because of the greater morale and persistency of attack of the Pennsylvania eleven. Time and again Loehler gave the team from the Capital City an advantage and just as often they failed to make the most of it. Pennsylvania deserved to win, but not by the score they did.

Individual stars were numerous. Allen and Prostovich tore the line of G. W. to shreds when they were making the first score, but made less gains thereafter. However, they did some real line plunging and this, coupled with the running of Magner, Buono and Overholt, featured for the victorious Chester eleven.

Big John Loehler and little Dean Wagner did the best work for the Hatchetites, while in the line the work of Clements, Hottel and Resh was consistently good. Newby seems to have developed a bad habit of fumbling, but that can be easily overcome.

Coach Crum is working to perfect the team play of his individual stars and to bolster the line so as to have the team in the best of shape for the game with University of Delaware next Saturday. A record of four wins, two losses and one tie game is not so bad for the first year of football work by a new coach.

There are three games remaining on the schedule, University of Delaware and Buffalo University away, and the Turkey Day game with Catholic University at Brookland.

FRATERNITIES TO PLAN BASKETBALL SCHEDULE

Plans for the Interfraternity basketball championship games will be made at the next meeting of the Interfraternity Council, Sunday, November 16.

There will be ten or eleven teams to participate, these being divided into two leagues of which the winners of each play for the fraternity championship. The games will be staged in the new gymnasium and the winning team will receive a silver loving cup as a permanent trophy.

The Interfraternity games have attracted much interest in the past and this year promises to be no exception as the new gym furnishes an excellent place to play.

G. W. CLUB TO MEET

The G. W. Club wants all men in the University who are members or are eligible to be members, to be at the meeting Thursday night, November 13, at 8:15, in Room 21 of Lisner Hall.

Several matters of importance will come up and it is desired that as many as possible be present.

FUND TO AID COURSE

The Soroptimist Club of the District of Columbia has made a gift of \$200 to George Washington to aid the Social Welfare Course being carried on by the University.

ASSISTANTS APPOINTED BY ATHLETICS COUNCIL

Council Also Awards Letters For
Achievements In Athletic
Sports Last Year

Five assistant managers for men's basketball were appointed and major letters awarded several other students last Wednesday evening at a meeting of the Athletic Council in Dr. Borden's office. Irvin McGrew, Perry Gard, Hassel Smith, Arthur Vernon and Ernest L. Steward were appointed assistants, and from these five John R. Daly, basketball coach, will select a permanent manager from among them at the end of a month.

Letters were awarded by the Council to Louise Strother for her record last spring in the Capital Athletic Club meet; to Beatrice Woodford as manager of girls' tennis last year, and also a letter for winning 18 points at the Capital Athletic Club swimming meet last spring; to Daisy Robson as manager of the girls' swimming team last season, and a letter to Mr. Plotz for men's basketball.

The resignations of J. S. Rutley as manager of men's tennis and Mrs. Helen Loring Bryant as manager of women's tennis were accepted and Ruth Gregory appointed to succeed Mrs. Bryant.

The Council also appointed a committee to negotiate with Catholic University to see what arrangements can be made to have the Thanksgiving game played at Central High School instead of at Catholic stadium.

The next meeting of the Council will be held tomorrow night at 8:00 o'clock in Dr. Borden's office.

WOMEN'S TENNIS GAMES REACH THIRD ROUND

The second round in the series of tennis matches being played on the University courts at 25th and N Streets Northwest, to decide the women's championship of George Washington was played off according to schedule and as a result of these contests, five players will play off the sets in the third round. These sets must be played before November 12, and if not played before that date, the player at fault will be considered to have forfeited the game and eliminated herself from the contest.

The five players to meet in the third matches are Frances Walker, Elizabeth Hastings, Pauline Babp, Elizabeth Chickering and Ellen Buell, and of these sets one has been played between Frances Walker and Elizabeth Hastings, Miss Walker being the victor.

The finals must be played not later than November 22. The winner of the series will be presented with a silver loving cup.

PRACTICE CHANGED FOR WOMEN FENCERS

Practice hours for women's fencing have been rearranged and the squad is now practicing at 1521 K Street on Tuesdays from 1 to 2 and from 7 to 9; Thursdays from 7 to 9, and Fridays from 11 A. M. to 1 P. M.

A large number of girls have come out for fencing, and with the services of Professor Pietro Lazilli as instructor, prospects for the coming season are quite promising.

Girls interested in fencing should see Phoebe Knappen, manager, 2925 Tilden Street, or call at Professor Lanzilli's studio during practice hours.

LANGUAGE INSTRUCTORS TO HOLD MEETING HERE

The Association of Modern Language Teachers of the Middle States and Maryland, with members in New York, New Jersey, Pennsylvania, Delaware, Maryland, and the District of Columbia, will hold its twelfth annual meeting at George Washington University, in Corcoran Hall, Saturday morning, November 29th.

Henry Grattan Doyle, Professor of Romance Languages in George Washington, will present a paper on "Aids to the Study of Spanish." The program will include a number of other papers, one on "The Modern Foreign Language—Study," by Charles A. Wheeler, Special Investigator for the Modern Language Survey, and one by Miss Eunice Goddard, of Goucher College, on "Substitution Exercises as a Pedagogical Device."

Besides the special papers which have been prepared there will be an opportunity for open discussion of the problems of modern language teachers.

Lost And Found

Several lost articles have been turned in at the Cashier's office, including one overcoat, one rosary and several pairs of gloves. These articles will be returned upon identification.

CHERRY TREE PLACED ON SUBSCRIPTION BASIS

Editor Urges That All Interested In
Staff Positions Advise Him
Promptly

As a result of conferences with President Lewis last week and a meeting of the Publications Council last Monday night, full authority has been granted Arthur C. Perry, Editor, and Edwin S. Bettelheim, Jr., Business Manager, to proceed with the publication of the 1925 Cherry Tree.

Editor Perry announces that a large number of applications for positions on the Cherry Tree have been received, but no appointments have yet been made. He is delaying appointments to give all students interested in the year book an opportunity to make application.

Perry has announced his intention to make the art department of the new book the outstanding feature.

Also numerous other innovations are being planned which will make the Cherry Tree larger and more attractive than any annual yet published by the University.

The 1925 Cherry Tree has been placed on a subscription basis, and will be sold to the student body at \$4.00 per copy. The regular activities fee charged by the University does not include the Cherry Tree.

All persons interested in the art department, the editorial staff or the business staff are urged to get in touch with Arthur C. Perry at 1733 N Street Northwest, or Edwin S. Bettelheim, Jr., 319 Metropolitan Bank Building.

AN ARTICLE BY DEAN HENNING

Dean George Neely Henning, of the School of Graduate Studies, has an article in the current "Harvard Alumni Bulletin" on Anatole France, noted French author whose death occurred recently.

Dean Henning's book of selections from Anatole France is now under preparation and will soon be published in the second edition.

MIMES DISCUSS PLANS FOR DRAMATIC GROWTH

Prof. Bolwell Outlines Proposed Plans
For Development Of
Dramatics

At the first meeting of the Mimes Dramatic Society of George Washington, held last Thursday evening in Lisner Hall, plans were discussed for the coming year.

Prof. Robert W. Bolwell, a member of the Faculty Committee on Student Activities and chairman of the Dramatics Council, gave an interesting talk to the members outlining the policy of the Council toward the advancement of dramatics as one of the major activities of the University.

Professor Bolwell strongly favors a dramatic council to be composed of two members from each dramatic organization in school. This council would supervise matters of interest in dramatics and would provide for the production of the Varsity play, which he proposes to make the annual climax of the dramatic year.

The policy as outlined by Professor Bolwell would embrace four separate and distinct fields of activity. One organization would be for the development of the drama in historical sequence, the second would be for the production of modern plays, a third would be a laboratory or experimental group which would take original plays from its members or the school and develop them, and the last would be an organization for the production of musical reviews.

Through the development of these plans Professor Bolwell would widen the scope of dramatic possibilities in the University, thus making the "college theater" of George Washington one of the leading scholastic activities.

SIGMA NU FRATERNITY HOLDS MEMORIAL SERVICE

Delta Pi chapter of the Sigma Nu fraternity held its annual memorial service at the Church of the Covenant, Sunday evening, November 2. The service was dedicated to John Carmichael, a former student of George Washington University, who lost his life recently at the United States Military Academy, when shrapnel accidentally exploded. Young Carmichael represented the third generation of the Carmichael family to wear the badge of Sigma Nu.

Prior to the service, Thomas Berry was initiated into the chapter, and the following men formally pledged:

WEDNESDAY, Nov. 12
12:20 P. M.—Chapel.

4:00-6:00 P. M.—Dean Rose, tea for women of the University in the club rooms of the Women's University Club.

8:00 P. M.—Meeting of the G. W. Chemical Society, Medical School; Dr. Brown lectures on "History of Chemistry."

8:00 P. M.—Meeting Athletics Council in Dr. Borden's office at the Rochambeau.

THURSDAY, Nov. 13
8:15 P. M.—Meeting Men's G. W. Club, Room 21, Lisner Hall.

FRIDAY, Nov. 14
12:20 P. M.—Chapel.

8:00 P. M.—Meeting in Corcoran Hall for all those interested in basketball.

8:00 P. M.—Meeting, Columbian Debating Society, Alumni Rooms, Law School.

4:50 P. M.—Assembly for evening, Assembly Room, Corcoran Hall.

SATURDAY, Nov. 15
Football game with Delaware University at Newark.

Annual county fair, to be staged in new gym. Dedication of gymnasium in evening.

SUNDAY, Nov. 16
10:00 A. M.—Meeting of the Interfraternity Council, Phi Sigma Kappa House, 1813 Columbia Road.

MONDAY, Nov. 17
12:20 P. M.—Chapel.

12:45 P. M.—Girls' Glee Club rehearsal, Corcoran Hall.

ANNUAL PRIZE OFFERED BY DELTA THETA PHI

To Award Prize To Second Year Law
Student With Second
Grade

Woodrow Wilson Senate of Delta Theta Phi Law fraternity created a new prize to be offered annually to that man or woman of the second year class of the Law School who shall have attained the second highest average grade in the work of the second year. At present the "Ordonaux Prize Scholarship" is awarded to the member of the second year law class who receives the highest honors.

The recipients are restricted to students who have completed at least twenty semester hours of work during the regular school year. The prize consists of a \$25 credit toward the purchase of law books, to be selected by the winner, but in no case will any part of the award be commuted to cash.

The first prize will be awarded in September, 1925, for the regular school year 1924-25. No student who, upon the completion of two years' work in the Law School, has completed a total of more than 60 semester hours of work therein, shall be eligible for this prize.
